

They crave adventure. You hate surprises.

You all win. Conair auxiliary equipment gives you complete control over your materials and your process, so you produce reliable plastic components that make for a memorable vacation, while you avoid unexpected downtime or quality issues. Find the confidence that comes with keeping your plant up and running profitably – and giving this happy couple a huge adrenaline rush at the same time.

**Talk to a Conair up-time expert today. Call 724-584-5500 or email info@conairgroup.com.
